SKILLS

- ❖ HTML, CSS, JavaScript, React JS, Next JS
- ❖ NextJS, NodeJS, ExpressJS
- ❖ MYSQL and MongoDB

EDUCATION

- ❖ Learn From YouTube

EXPERIENCE

I am a skilled Web Developer with 3 years of experience in front-end and back-end development. I focus on creating websites that are fast, user-friendly, and responsive across all devices. I enjoy solving problems and writing clean, efficient code. My goal is to deliver high-quality web solutions that make a real difference. Check out my work: [GitHub](#) | [LinkedIn](#).

PROJECTS

- ❖ **Project Title**
- ❖ -Built an [image download website](#) that lets users browse and download images with a clean and simple interface using HTML, CSS, and JavaScript.
- ❖ -Developed a responsive [Learning Management System \(LMS\)](#) using Next.js and MySQL, implementing course listings, user authentication, and real-time database integration for a seamless learning experience.
- ❖ Developed a [Text-to-Handwriting Converter](#) using React.js and Canvas, enabling users to input digital text and generate realistic handwritten-style output with customizable fonts, spacing, and styles.

POSITION OF RESPONSIBILITY

Lead Web Developer – Led the development of responsive, high-performance web applications, ensuring optimal user experience.

Frontend Developer – Built intuitive and dynamic user interfaces with React.js, improving usability and engagement.

API Integration Specialist – Built backend services with Next.js and integrated third-party APIs, including real-time data services, to enhance application functionality and performance.

Problem Solver – Worked with the team to solve problems like improving website load time and fixing code bugs for a smoother user experience.
