PROJECT WORK 09/10/2025

1. Onboarding & Verification

- Signup/Login → Mobile OTP or Google Gmail

- Live Camera Face Scan → Profile photo match

- Aadhaar verification (optional → Blue Verified Badge)

- Select Mode → Caller / Listener

- Profile Setup → Name, Age, Gender, About, Photo (Front and clear photo approve)

---

2. User Roles

- Caller → Pay & Talk (Call/Chat)

- Listener → Earn by Talking (Call/Chat)

---

3. Services

1. Friendship / Love Calls (xyz/min)

2. Astrology / Tarot (xyz/min)

3. Counseling / Support (xyz/min)

4. Quick Info Calls (99/month plan)

---

4. Wallet System

- Caller → Recharge wallet (UPI/Card/Razorpay)

- Listener → Earnings → Withdraw (Razorpay)

- Auto deduction per second/min during Call/Chat

---

5. Call Flow

- Caller selects profile → Call Now

- Check balance → If enough → Call start

- **Call Features:**

  - End-to-End Encrypted Voice (WebRTC/Agora)

  - **No Recording Allowed** (disable OS-level record permission in-app)

  - If the listener tries to record → call auto disconnect + warning to Admin

---

6. Chat Flow

- Caller clicks Chat Now → Timer-based deduction

- **Screenshot Blocker:**

  - Mobile app will use **FLAG_SECURE** (Android/iOS) → prevents screenshots & screen recording

  - If an attempt is detected, → app shows a warning "Screenshots not allowed for privacy"

---

7. Listener Dashboard

- Toggle → 🟢 Active / 🔴 Busy

- Show earnings, withdrawal option, ratings

- Notification: "User wants to talk to you" (if listener offline)

---

8. Caller Side

- Profile cards → Name, Age, Rate/min, Status (Active/Busy), Photo

- Buttons → Call Now / Chat Now / Notify Me

---

9. Notifications

- Caller clicks Notify → Listener notified

- Listener switches Busy → Active → Caller gets notification "XYZ is now available"

---

10. Admin Panel

- Manage Users (approve/block/verify)

- Transactions → Recharges, payouts

- Abuse Reports → call/chat flagged (only metadata stored, no recordings)

- Analytics

Unique Privacy Selling Points (USP)

- End-to-End Encrypted Calls

- No Call Recording allowed

- Screenshot & Screen Recording Block (Android FLAG_SECURE + iOS restriction)

- Report/Block system for abuse

- Admin only sees metadata (time, duration, cost), not private chats/calls
